Dear Sir,

**Ref: Performance Monitoring of PJB Gresik CCP Block 2 and Steam Plants 3 & 4**

We would like to show our appreciation for the sincere effort of ACTSYS in the performance monitoring study and system set-up conducted for our client PT PJB at their Gresik Power station for CCP Block 2 and Steam Plants # 3 and #4 under the service contract dated 5 August 2004. We also acknowledge that the results generated in the analysis are useful for the improvement of energy efficiency of their plant performance.

Yours faithfully,
